International Mobility Program

Why?

- Support research students and early career researchers (up to 6 months)
- Develop international networks and initiate collaborative projects
- Build ACEMS brand

Who?

- PhD students
- Early career researchers up to 5 years post-phd (flexible)

International Partners

Networks in The Netherlands (Primary contact: Thomas Taimre)

- Modelling and analysis of stochastic networks, efficient algorithms for complex networks, optimisation and control of networks.

Insight in Ireland (Primary contact: Chris Drovandi)

- Machine learning & statistics, linked data, media analytics, optimisation & decision analytics, personal sensing, recommender systems, semantic web.

Oxford (Primary contact: Chris Drovandi)

Other partnerships welcome

What do I do if I'm interested?

1. Discuss with your Supervisor.
2. Submit application or expression of interest form on [website](#)

We can help you identify international collaborators if required.

Application Form

Once deemed eligible and have a planned project proposal, you may formally apply for the IMP.

Here is the info you will need to provide:

- Summary of project (incl. existing research background, description, plan, expected benefits of participating in the IMP)
- CV from Applicant
- Proposed Itinerary + Budget
- Short written statements of support from supervisor and from host researcher
- Link to host's research profile or a Short CV from host researcher
